

## Be sure to review ALL safety rules with dunk tank operator and all "dunkees" prior to use.

- Easy Dunker <u>must always have an adult operator</u> on duty when in use.
- When tank is going to be unattended, always drain water. <u>NEVER LEAVE A DUNK TANK FILLED WITH WATER UN-ATTENDED!</u>
- Cordon off a "danger zone" in front of, to the sides of, and behind the tank. Keep people out of the zone to avoid getting hit by an errant or deflected throw. <u>Children should never be allowed inside this "danger zone."</u>
- Never place the dunk tank on a platform or stage. (NOTE: When filled the dunk tank weighs over 4,500 pounds.)
- Keep Easy Dunker away from electricity.
- Keep water level filled to at least 8" from the top of the tank.
- Only one person at a time should be allowed on the seat or in the tank.
- Keep all non-swimmers, anyone less than 5' tall, or over 250 pounds off of the tank.
- Anyone with medical conditions which may place limitations on their physical exertion (such as, but not limited to: heart condition, pregnancy, back injury, etc.) should stay off of the dunk tank.
- To keep from slipping, the dunkee must always wear rubber sole shoes.
- **Before** (and each time) the dunkee climbs onto the seat, they must first make sure the seat is securely locked in place and that the safety latch is engaged.
- The dunkee should use the handles to assist in climbing out of the tank and for getting back up onto the seat after being dunked. However, the <u>dunkee must not hold onto the handles while being dunked</u>.
- The dunkee must move toward the front of the tank when coming up out of the water to avoid hitting their head on the seat.
- Never use hard balls.
- Never stand or kneel on seat.
- When being dunked, the dunkee must keep hands on knees and sit forward on the seat.
- Do not allow anyone to hit target with hands.
- Do not operate Easy Dunker during a storm.

## Be sure to have all dunk tank operators and all "dunkees" read and initialize ALL safety rules.
